

JEROME ACQUITTED OF GAMBLING CHARGE

Hearing Lasts Less Than An Hour—Attorney Thanks Court and Speaks of His Reception

DEFENSE MAKES NO PLEA

One of Main Hopes in Thaw Defense Is Alleged Irregularity in Immigration Officers' Proceedings

CONTEND THEY HAD NO FORMAL ORDER

COATCOOK, Quebec, Sept. 8.—William Travers Jerome was acquitted tonight on the charge of having gambled on Thursday last on the station property of the Grand-Trunk railway here while waiting for the immigration authorities to pass on the case of Harry K. Thaw. In discharging him the court apologized for the humiliation to which he had been subjected.

The hearing before magistrate Henry Mulvena of Sherbrooke lasted less than an hour. It began at 7:35 and at 8:20 the court said: "Sir you are honorably discharged."

An attempt to hold an afternoon session failed because the magistrate felt he had no authority to proceed over James McKee, the justice of the peace who signed the warrant for Mr. Jerome's arrest. Tonight however, the magistrate said he was convinced of his authority to act and the hearing moved with dispatch.

Jerome thanks the court. When acquitted Mr. Jerome thanked the court, spoke flatteringly of his reception in Canada and added that he did not attribute his arrest and brief imprisonment last week to the thinking people of the Dominion. He took a late train from Coatcook in order to be in New York Tuesday and will return to Montreal for the arguments on the late Thaw habeas-corpus writ to be held before the King's bench Montreal September 15.

Town people packed the court room when the hearing was opened tonight. Jerome did not once glance at the throng which was plainly hostile.

The complaint charged Jerome with playing cards for money at the railway station. Statutes were quoted to show that this was an indictable offense punishable with a year's imprisonment.

Samuel Johnson of Montreal, who has been retained by New York State in its effort to return Thaw to Mat-tawan contended that the statute applied only to gambling on a public conveyance proper. The court took this question under advisement and called for witnesses.

The testimony was in effect that Jerome with others played cards and that money passed between the players. Only one of the witnesses would say positively that Jerome won a game.

Defense Makes No Plea. The prosecution briefly summed up the case for the state but the defense made no plea.

Magistrate Mulvena, announcing his decision said: "I believe every right minded man in Canada regrets and feels humiliated at the indignity which has been placed upon you. It is excusable neither in law nor in fact. The evidence adduced at this hearing gives no reasons for the charge which was laid against you nor for the indignities which you have suffered."

"I believe sir, in all the circumstances you will not attribute the apparent offense offered you while in a friendly country in the discharge of your duty as a public officer to the real thinking people of this country. You are, sir, honorably discharged."

Dead silence greeted the conclusion of the court's remarks. The Mr. Jerome stood up. "You may feel assured, your lordship," he said, "that I understand thoroughly the circumstances of this case. Since I have been in Canada, I have been received with uniform courtesy in Sherbrooke, in Montreal and, I may say, in Coatcook, by the thinking people. I am sure those who have been interperate have been misled more by ignorance of the facts than by any real malice."

"I shall always remember my visit to Canada, with great pleasure. This case has been something of a humiliation for me but I do not feel that I have been humiliated before the thoughtful people here."

There was a subdued outburst of cheering when Jerome sat down but the cheers were drowned by hisses and catcalls. Magistrate Mulvena called for order and the crowd left the court room. Mr. Jerome went immediately to the station and bought a ticket for Island Pond, Vermont, where he will pick up his automobile and motor to New York.

Alleged Irregularity in Proceedings. Montreal, Sept. 8.—According to J. N. Greenfields, of Thaw counsel, one of the main hopes of the defense aside from the fight against the immigration act itself is an alleged irregularity in the proceedings taken by the immigration officers. It is contended that they did not have a formal order from the minister of justice to take Thaw in charge which the defense claims is necessary under the act when the alien arrested on a charge of murder, summed up Mr. Greenfields. "The immigration act is full of holes. It is a positive disgrace to Canada."

CHINESE DESIRE TO MAKE REPARATION

GOVERNMENT MUCH CONCERNED OVER AGITATION IN JAPAN

Instructs Charge d' Affairs at Tokio to Express Regrets to Japanese Foreign Office for Killing of Citizens During Nanking Battle.

PEKING, Sept. 8.—The Chinese government is much concerned over the agitation in Japan in connection with the killing of several Japanese during the fighting at Nanking and, desiring to make reparation, has instructed the Chinese charge d' affairs at Tokio to express regrets to the Japanese foreign office. The Chinese foreign office here has already expressed regrets to the Japanese legation.

The general in command at Nanking has sent a message of sympathy to the Japanese consul general and has offered to compensate the families of the victims. The newly appointed Chinese minister at Tokio has been ordered to Nanking to conduct a full inquiry.

Three weeks ago, fearing the possibility of untoward incidents, the Chinese government urged the Japanese legation to withdraw its nationals from Nanking and only a few days ago the Japanese legation notified the Chinese foreign office that eight Japanese officers, who had served the southern guns, had been returned to Japan.

Major General Shiba who was commissioned by the Japanese government to investigate the matter, admits in a published report that Japanese officers and soldiers, without their government's consent, acted as local commanders among the southerners.

Demonstrations Continue. Tokio, Sept. 8.—The anti-Chinese demonstrations continued today in the form of window smashing and tram-car wrecking.

Premier Yamamoto today informed the political deputations which called on him that the government would not mobilize, but intended to deal with the Chinese problem with a firm hand.

It is reported that Choro Koike, counselor to the imperial embassy at London, will succeed Mortiloro Abe as director of the police bureau of the Japanese foreign office.

Cabinet Reconstructed. Peking, Sept. 8.—The Chinese cabinet has been virtually reconstructed and the nomination of six new ministers has been approved by the lower house.

UNITED STATES TEAM WINS PALMA MATCH RIFLE TROPHY

Winning Score is Six Points Below That Made by U. S. Team Last Year—Argentine Takes Second Place.

Camp Perry, O., Sept. 8.—United States won the Palma match trophy. Scores: United States, 1,713; Argentina, 1,684; Canada, 1,675; Sweden, 1,484; Peru, 1,465.

The shooting was on the 800, 900 and 1,000 yard ranges. The scores are considered good as a strong north wind blew in the faces of the shooters. The winning score was six points below that made by the United States team last year when it captured the prize in Canada.

The Canadian team was much surprised at the result, as it came here determined to win back the prize. The Argentine shooters did well, in regard to that they were not accustomed to long range shooting. When they came here they had hard work to locate the targets. They said that when they return to South America to practice it will be more shooting at 1,000 yards.

WAS RELATED HERE. William Deerfoot, a graduate of Carleton Indian college who shot and killed his French Canadian wife at Iowa City, Iowa, as noted in Sunday's Journal, was a cousin of Mrs. Florence Kirk King of this city.

Miss Kate Carrigan and brother Leo of Maltard, Iowa, are guests at the home of their aunt, Mrs. Mary O'Connell. They will visit relatives and friends in the county for several days.

DUNNE LEAVES FOR PUT-IN-BAY. Springfield, Sept. 8.—Governor Dunne left tonight for Put-in-Bay to attend the Perry centennial celebration. The legislative stated that announcement of minority appointments would be postponed until his return. Lee O'Neill Browne was among his callers today.

to the immigration officials and T. R. E. McInnes, K. C. made an affidavit that the immigration men took Thaw in charge without having proper authority from the minister.

He states that before the board on inquiry, he demanded that E. Plake Robertson, assistant superintendent of immigration, produce this document and that the latter declined to do so.

The second reason to Judge Gervais and Cross in the informal application made by Thaw's counsel before the matter was brought into chambers Friday, was the constitutional validity of the act. The third point is the misuse of the act to supplement and aid the enforcement of law and order in New York State.

"Thaw's chances of ultimate freedom are better now than they have been at any time since he was first arrested on a charge of murder," summed up Mr. Greenfields. "The immigration act is full of holes. It is a positive disgrace to Canada."

GUNBOAT IS ORDERED TO SANTO DOMINGO

FIRE OF DOMINICAN GUNBOATS EN DANGERS AMERICAN LIVES

Communication Between Puerto Plata and Outside World Broken—Cutter Algonquin to Act as Wireless Relay Station.

WASHINGTON, Sept. 8.—News that dominican gunboats were shelling the rebel city of Puerto Plata, endangering American lives and property, caused hurry orders to go from here today to the cruiser Des Moines, which had been preparing to sail from Guantanamo, Cuba, for Santo Domingo since reports of the latest revolution there were received several days ago. The cruiser was sailing today and was expected to sail tonight directly for Puerto Plata.

Meantime communication between Puerto Plata and the outside world has been broken and no word had come to the state department since the brief message early today announcing the bombardment. In order to make certain their establishment of communication with the arrival of the Des Moines, the treasury department was asked to dispatch the revenue cutter Algonquin from San Juan, Porto Rico to Mona Passage, a point midway between Puerto Plata and Santo Domingo city. The cutter will reach there tomorrow and will serve as a wireless relay station between the Des Moines and the commercial station at Santo Domingo.

Long conferences were held today by President Wilson, Secretary Bryan and Assistant Secretary Osborne with Mr. Sullivan, the newly appointed American minister to the Dominican republic. Mr. Sullivan will sail Friday or Saturday for Santo Domingo City with assurances that President Bordas that he has the moral support of the United States government in his efforts to suppress the Puerto Plata rebellion.

RESOLUTION CAUSES ROW AT COUNTY BOARD MEETING

Cook County Board Criticizes Ragan For His Assault on Investigator—Commissioner Conely Hit With Book.

Chicago, Sept. 8.—Passage of a resolution criticizing county commissioner Frank Ragan for assaulting Wladyslaw Wiskowski, an investigator stationed at the county hospital to prevent the entrance of patients able to pay for medical treatment, caused a row at today's meeting of the county board.

Earlier in the day Wiskowski swore out a warrant charging Ragan with assault.

The resolution introduced by Commissioner Conely had just been passed when Commissioner Ragan entered the room and demanded to have the resolution read against him. When the clerk had finished reading the paper Commissioner Ragan abused Commissioner Conely and concluded by throwing a large book at the latter which struck him in the face, causing his nose to bleed.

County Commissioner Ragan was arrested tonight on a warrant signed by Wiskowski. He was released on \$5,000 bond.

DEMOCRATS STAND AGAINST ONSLAUGHT

Ranks Close Up Against Anti-Free Wool and Anti-Free Sugar Forces

DEFEAT ALL AMENDMENTS

Repeated Efforts Made to Secure Final Vote on Measure at Some Definite Hour This Afternoon

WARREN DISAPPROVES APPLAUSE

BULLETIN.

WASHINGTON, Sept. 8.—The sugar schedule without amendment and including the provision for free sugar in 1916 was finally agreed to at 1 o'clock this morning. Senator Bristow yielded in his former demand for another roll call because Senator Ransdell's amendment had been decisively defeated earlier.

WASHINGTON, Sept. 8.—Democratic lines in the senate stood solidly to night against the final onslaught of the tariff fight. With party leaders urging their colleagues on to approval of the bill, the ranks closed up against the anti-free wool and anti-free sugar forces and defeated all amendments to the bill as fast as they came to the vote. Attempts to restore a duty on raw wool and to raise the duty on woolen manufactured goods made in successive amendments by Senators La Follette, Catron and Penrose were defeated without the loss of a party vote. A last stand by the anti-free sugar forces led by Senator Ransdell of Louisiana, Democrat, held the attention of the senate throughout the evening, but the vote of Senators Ransdell and Thornton had been long conceded to the Republicans upon the sugar issue.

Efforts to Secure Agreement.

Repeated efforts were made to secure a general agreement for a final vote on the bill at some definite hour tomorrow afternoon. Democratic leaders were willing to adjourn at midnight if such an agreement could be reached, but while negotiations were under way they insisted the senate should remain at work with the prospect of an all night session if the attempt at the agreement failed.

Among the amendments defeated was that of Senator Norris providing a heavy tax inheritance. This was beaten 58 to 12, the following Republicans joining the Democrats in voting against it.

Sensors Brandegee, Catron, Clark of Wyoming, Colt, Fall, Gallinger, Jackson, Lippitt, Lodge, Oliver, Penrose, Perkins, Root, Sherman and Sutherland. Two attempts by Senator La Follette to secure the adoption of substitutes for the Democratic wool tariff failed by strict party votes. There remained the prospect of a final wool vote when the single item of free wool was reached in the free list of the bill.

Ransdell Opposed Free Wool. Senator Ransdell, in beginning his fight against free sugar, announced he opposed free wool also and would join in any attempt to have a small duty put on that product. He had voted against the La Follette amendment which embraced tariff duty on all classes of woolen goods, but it was expected he would support the Republicans in the last fight against the wool in the free list.

Sensor Stone questioned Senator Ransdell's right to ignore the agreement reached by the Democratic conference to support the bill. Senator Ransdell insisted he had reserved the right to vote as he pleased on any section of the tariff bill.

Sensors Bristow and James engaged in a lively colloquy over the tobacco tariff which aroused applause from the crowds in the gallery. Senator Warren called the vice president's attention to a rule that there should be no applause. "I am very grateful to the senator from Wyoming for calling my attention to the rule," said Mr. Marshall, "but on careful inspection of the rules I fail to find it."

Sensor Bacon, Democrat, took issue with the vice president, declaring that while he had the profoundest respect for the vice president and wished to give no offense, he earnestly wished him to revise his statement that there was nothing in the rules of the senate giving him authority to preserve order. He insisted that while there might not be a written rule, it was always a fundamental, inherent rule in every parliamentary body to protect itself against disorder.

The vice president replied that he had noticed many times that Senators objected to applause from the galleries only when it was to the argument of the other side. He said he looked to the senate to be a judge of order in the galleries; that he had not the slightest objection to preventing applause and would willingly clear the galleries if the senate would be the chair in such action.

"There has been as much disorder here tonight at the instance of senators, some of whom are the most insistent about the rules, as there has been in the galleries," he said. "As to following precedent, the chair is not one of those to be bound by any precedent."

CONSTITUTIONALISTS WOULD HANG ZAMACONA

PASS RESOLUTIONS AT A MEETING HELD AT PIEDRAS NEGRAS

Denounce "Attempt of Huerta Government to Deceive the American People—Troopers Arrest Colonel Portillo of Juarez Garrison."

EAGLE PASS, Texas, Sept. 8.—That Manuel Zamcona, special envoy to Washington would be "tried by court martial and hanged within an hour" should attempt to enter the Constitutional lines with any proposition what ever was the substance of a resolution adopted today at a meeting of the constitutionalist board of advisors at Piedras Negras.

The resolution denounced what they called the "attempt of the Huerta government to deceive the American people regarding the ability of Manuel Zamcona to act as mediator in arranging an armistice."

Arrest Colonel Portillo. El Paso, Texas, Sept. 8.—Colonel Enrique Portillo of the Juarez garrison was arrested by U. S. troops today as he was returning to Juarez after a visit to El Paso. He was detained until general Hugh L. Scott could be notified who ordered his release. No charges were filed against him.

The Federals are laying a trap for General Francisco Villa and his 1,200 men and are sending troops to Chihuahua and Juarez to attack him in front and rear.

Kill One Hundred Federals.

Washington, Sept. 8.—Advices from San Antonio, Texas, to the Mexican consul at that city, said tonight that the constitutionalists ambushed a Mexican federal force yesterday at San Buena Ventura near Puerto Del Carmen and killed about 100.

Mexicans Pay For Passage.

Vera Cruz, Sept. 8.—When the Steamer Tamaulipas sails tomorrow morning for New Orleans there will be aboard a few Americans, part of whose passage has been paid by the Mexican government. It is other Americans wishing to leave the country, whether destitute or not, apply to the local authorities they are promised first class transportation to any American port to which they may wish to go.

Until today there had been received at Vera Cruz no intimation that President Huerta expected to fulfill the offer made by the government to Americans last week but instructions to port authorities followed a request telegraphed to Mexico City yesterday by a group of Americans who were dissatisfied with the accommodations consul was able to supply. After a favorable answer had come from the Capital some of those who signed the petition refused to accept assistance on the grounds that as Americans they did not feel like acceptance from the Mexican government.

John Lind, President Wilson's representative is not inclined to think that Gen. Huerta's persistence in his plan to finance American refugees will be resented at Washington. Lacking instructions from the American capital, he and Mrs. Lind, continue their sight seeing tours.

METHODIST MINISTERS WILL LEAVE FOR CONFERENCE TODAY

Start This Morning for Big Gathering at Shelbyville—Rumor is That Rev. H. S. Alkire and Rev. E. B. Houck Will Not Return.

Methodist ministers will leave today for Shelbyville to attend the annual conference of the M. E. church. Practically all of the members of the conference resident in Morgan county will leave this morning over the Washburn for Springfield and will there take the B. & O. S. W. for Pana. If their trains are on time they will reach Shelbyville about 1 o'clock this afternoon. Among ministers who will go this morning will be Dr. F. A. McCarty, Rev. J. W. Miller, Rev. G. W. Flagg, Rev. H. S. Alkire, Rev. E. B. Houck and Rev. H. F. Gusic, Rev. Howard Leach of the Litcher circuit who is to take an examination left yesterday and Dr. J. R. Harker expects to start this afternoon.

The general impression seems to be that there will be no changes among the Jacksonville churches of circuit except that Rev. H. S. Alkire will not return to Brooklyn nor Rev. E. B. Houck to West Jacksonville circuit.

A strong effort has been put forth it is said by officers of the First M. E. church of Springfield to secure Dr. F. A. McCarty as pastor. While the salary is attractive and a parsonage is included it is hardly likely that the conference would release him from a superintendency after just one year's incumbency.

AT THE GRAND.

At the Grand Monday night the Kelly-Shuster Company opened a weeks engagement and in spite of the unfavorable weather good audiences were present. "Frisky France" was the offering and it was very cleverly done. Milton Shuster is a comedian of no mean ability and he has excellent support from his company. The girls dance and sing well and altogether Manager Hunt is this week offering a very high class attraction. Many a show no better has been staged at \$1 and \$1.50 a sitting. Tonight a western comedy "Montana Bill" will be presented. There will be two performances and pictures too.

GREVENBROCH, Prussia, Sept. 8.—The German aviator Senge fell today while making a flight and was killed.

WIFE OF WEALTHY STOCK BROKER DROWNS SELF

TIES WEIGHT AROUND HER NECK AND JUMPS IN LAKE

Was One of Leading Society Women of Lake Forest—Digs Two Little Graves in Sand on Beach Before Act.

CHICAGO, Sept. 8.—Mrs. Walter B. Smith, wife of a wealthy stock broker in Lake Forest, committed suicide in Lake Michigan today by tying a heavy weight around her neck and then jumping from a pier. Just before ending her life she made two little graves in the sand of the lake shore and decorated each with flowers.

Mrs. Smith was wealthy in her own name and was one of the leading society women of Lake Forest, a suburb. She was a daughter of William R. McCullough, vice president of the Chicago & Northwestern Railway company.

Mrs. Smith's father-in-law was Byron L. Smith, president of the Northern Trust company, and closely related to many large financial interests.

Mrs. Smith was seen to dig the tiny grave by little boys playing on the beach. When she tied a rope around her neck they became frightened and ran away. They told their parents, who notified the police. Policemen visited the beach and finding no one, saw the sand graves, but did not believe the woman had done violence to herself.

An hour later the body was washed ashore and was discovered by Park policeman Martin Svensson.

The cord was still around her neck, but a wide loop at the other end showed the stone to have been washed away. The body was identified by Mrs. Smith's brother, Harold McCullough.

Mrs. Smith had been home all day until a few minutes before visiting the lake. Servants said she had seemed unusually cheery and happy and had spent much of the morning singing and playing the piano.

TROUBLE OVER LAND ENDS IN ARREST OF S. W. HENRY

Woodson Farms Engage in Altercation Over Rights of Possession—E. E. Crain in Hospital—Damage Suit Filed for \$3,000.

As the result of an altercation Monday between E. E. Crain and Samuel W. Henry, both of Woodson, over the occupancy of a piece of land, Mr. Crain is a patient at Passavant hospital, with a bad cut on his head and Mr. Henry was arrested on a state warrant charging him with assault with deadly weapon to do bodily injury. Mr. Crain has also begun a trespass suit for \$3,000.

According to the story told, Henry had rented a piece of land from his father-in-law, Henry Grunder. Henry had raised two crops of clover from the land this year and Crain had rented it for the coming year. Crain started to plow up the field to get ready for sowing of wheat when Henry objected. On Monday morning the two men met in Woodson, also Mr. Grunder. The question of the right of the land came up again when it is said Henry became enraged and picked up a piece of two by four about five feet long. In order to protect Mr. Grunder, Mr. Crain went between the two men and received the full force of Henry's blow. Some men who were near interceded, which ended the melee.

Henry went immediately before Justice James Shelton where he pleaded guilty to a charge of assault and battery and paid his fine. Later on a state warrant charging assault with deadly weapon was sworn out against Henry. W. N. Hairgrove has also filed a trespass suit in behalf of Mr. Crain against Mr. Henry for \$3,000 damages.

REPUBLICANS WIN IN MAINE ELECTION

Elect Speaker John A. Peters to Fill the Vacancy in Third Congressional District

HAS PLURALITY OF 553 VOTES

Democrats Poll 14,553 for Their Candidate and Progressives Get Only 6,487—Pattangall Gives Out Statement

REPUBLICAN LEADERS ARE JUBILANT

PORTLAND, Maine, Sept. 8.—Speaker John A. Peters, republican of Ellsworth, was chosen to fill the vacancy in the third congressional district today by a plurality of 553 over Mayor William A. Pattangall, Democrat of Waterville with Edward M. Lawrence of Lubec, a poor third in the race.

The returns in this special election from all but a small island plantation gave Peters 15,169; Pattangall, 14,553; Lawrence, 6,487. The vote for President in November was: Wilson (Democrat) 14,692; Roosevelt (Progressive) 13,236; Taft (Republican) 7,159.

Mr. Pattangall, the Democrat candidate tonight gave out the statement in which he said in part: "The results should not be construed as a rebuke to the National administration. It is wholly to be attributed to Democratic treachery. Because certain men failed of success in the primaries they deliberately sacrificed the party in this election. The democracy of Maine is loyal to President Wilson and will present a united front in the next four years campaign."

Gardner Makes Statement.

Halbert H. Gardner, member of the Progressive national committee of Maine said tonight: "The returns indicate the election of John A. Peters in third district. We had no money. Lack of funds hampered the Progressive working organization and prevented proper publicity. It is evident that the voters of the third district are absolutely opposed to policies of the Democratic party." The slack action, made necessary by the death of Forest Goodwin, the Republican representative from that district, was fought out on national issues with speakers of national prominence stamping the district for the Republican, Progressive and Democratic candidate the voters responded to the appeal in larger numbers than voted at the last presidential election.

Republican Leaders Jubilant.

Republican leaders were jubilant tonight over their success in view of the fight waged by the national administration to capture the district. Mr. Peters said: "I regard the result of the election as a signal the liberal republicans. Differences be lieve it to be entirely post of harmonize and unite the anti-democratic strength. The differences between two Progressives and regular Republicans are not fundamental but more a difference of opinion as how the same principles should be administered."

Returns Awaited With Interest.

Washington, Sept. 8.—Returns from the Maine congressional election were awaited here with extraordinary interest by the leaders of all parties. The Democrats, who had sent Secretary Bryan, Speaker Champ Clark and other notable campaigners into Maine to aid Pattangall were keenly disappointed when news came that their man probably was defeated. President Wilson waited for the returns until late in the night.

SPARKS FROM THE WIRE

BALTIMORE, Md., Sept. 8.—Factions of both Democratic and Republican parties battled today for control of the organizations. Rough estimates of results have been received to indicate the regular organizations of both parties would remain in control.

CHILD RUN DOWN AND KILLED BY SPRINGFIELD AUTOIST

Father and Mother Were Alighting Street Car With Family When Accident Happened—Warning to Jacksonville Autoists.

Robert A. Goodwin, a five year old child, was run over by an automobile in Springfield Sunday and so seriously hurt that he died within a few minutes after reaching the hospital. The child had just been lifted from street car by the father and placed on the pavement beside him, when he turned to assist his wife and two small children from the car.

Less than two weeks since Reuben Cantrall, aged fourteen, while playing in the street in Springfield, was run over and killed. The autoist who ran over the Cantrall boy was exonerated, but Fred Mayer who was responsible for killing the Goodwin child, has been arrested for involuntary manslaughter.

The two fatalities occurring so close together have caused the question to be asked in Springfield as to why the traffic ordinance which requires automobiles to stop when approaching a car which has stopped to take on or let passengers off, has not been enforced.

Springfield Traffic Law.

This section from the Springfield code is as follows and was passed by the council Oct. 12, 1912:

"The driver of a vehicle overtaking a street car which has stopped to take on or discharge passengers shall stop his vehicle before reaching a spot opposite such car so as not to interfere with or injure passengers who may board or alight from said car."

The accident occurred alongside of the Illinois National bank on Washington street. Goodwin and his wife accompanied by their three children, Robert A., who would have been five years of age next Christmas, and Allen and Alice, twins, aged two years, had ridden from their home into the city on a Lawrence avenue and North Ninth street car, enroute to the home of a friend, where they had expected to take dinner and spend the remainder of the day.

At Fifth and Washington streets the car was stopped and they started to alight. The father stepped from the car and lifted his eldest son into the street, placing him immediately back of him on the pavement. He then turned toward the car to assist his wife and the two babies, when he was startled by a screams from Mrs. Goodwin and turning saw the automobile bearing down upon him. The little boy started to run and was at once knocked down by the car, both wheels on the right side passing over his head and chest. The car ran two full lengths of itself before it could be stopped by the driver.

Child Died at Hospital.

When Mr. Goodwin saw the form of his son lying in the street, with blood gushing from his nose and mouth, he grabbed the boy in his arms and carried him about thirty feet to the west alongside the car. In the meantime Officers Roll and Golden, who had been standing on the west side of Sixth street, hurried to the scene, and gave such assistance as was possible.

Mr. Mayer, who is a member of the Mayer Grocery company, stopped his car after it had gone a short distance, and then took the injured child with the father and others to a hospital. Before medical attention could be given or before the mother arrived the little fellow died. Mr. Mayer was arrested on a charge of involuntary manslaughter and gave bond for his appearance in the sum of \$1,000.

Warning to Jacksonville Autoists.

Thus far Jacksonville autoists have been fortunate in that they have been responsible for no accidents which have resulted in loss of life. They cannot be too cautious, however, and continued watchfulness is the most desirable thing possible. Jacksonville has no traffic ordinance requiring autoists to stop when approaching a street car which is taking on or letting off passengers, and possibly while the paving along East and West State and Main streets is so bad none is needed, but certain it is that too much care cannot be taken by the machine drivers. The autoist who injures a child, for example, whether or not he be to blame, will cause a great sorrow to others and make his own heart heavy.

Mother of Eighteen Children.

"I am the mother of eighteen children and have the praise of doing more work than any young woman in my town," writes Mrs. C. J. Martin, Boone Mill, Va. "I suffered for five years with stomach trouble and could not eat as much as a biscuit without suffering. I have taken three bottles of Chamberlain's Tablets and am now a well woman and weigh 168 pounds. I can eat anything I want to, and as much as I want and feel better than I have at any time in ten years. I refer to any one in Boone Mill or vicinity and they will vouch for what I say." Chamberlain's Tablets are for sale by all dealers. (Adv.)

CITY SCHOOLS HAVE OPENED FOR THE WORK OF YEAR

Supt. Gore in First Day Address Expresses Hope For All Round Scholarship—Attendance Figures.

The public schools have again started their work and are fully launched upon new year. In the auditorium of the high school building Supt. Gore made the opening address yesterday morning. He said in brief:

"I want this year to be one of the best in the history of the school. I want plenty of activities but I want them secondary to good scholarship. We want athletics but we want also good students, those who put study first, good lessons ahead of all else and then make athletics what they should be, a pastime for healthy recreation."

There are 36 students entering for the college course which doesn't necessarily mean that all are required to go to college but that they are pursuing the studies pertaining to that course. There are six special courses and plenty of opportunities for all who want to learn and obtain the best good from the school. We want good debaters this year. We fell down last year because there were not enough debaters and those we had were too busy with their studies. This year we want fifty to qualify and then we may hope to accomplish something.

"The high school is not to be run for the sake of athletics nor for the literary societies nor for the debating societies but to make all round good students. We can have them if we conduct the high school properly and if not then we shall not have them."

"I want a football team that can win; that can go out and take the pennant from any other organization in Illinois. The team failed last year because it didn't have the support of the girls. I once had a football team which didn't contain the best of timber by any means but it had the ardent support of the girls who went out and cheered the boys and gave them hearty support and encouraged them in every way possible. One night there was to be a dance and a girl said to one of the football team that was likely to attend:

"Are you going to that ball and dance till morning and then expect to play football tomorrow?"

"She put it at him so hard that he said he wouldn't go and he didn't and he played and his team won with the cheering and encouragement of the girls."

"We are to play Springfield and we don't want the score to 90 to 0 in their favor. If the girls will encourage the boys in all possible ways; dissuade them from smoking cigarettes and wasting their time in other ways then we may hope to accomplish something. There is no influence over a young man equal to that of a young lady. We want a team in each class and I think I know enough to help along and give some good instruction. We have plenty of material if it is properly supported."

"It almost breaks my heart to leave the west office and go over to the east one and not be with you as principal any more. However it is so to be and I hope all will be well. We were looking for a new principal for the high school, a man of suitable years, experience, enthusiasm and all the various qualities that go to make a successful teacher and make the high school better than it ever has been and we felt we had accomplished that in Mr. Collins whom I will now introduce to you."

Mr. Collins was greeted with hearty applause and said: "I am not here to talk but want to say that I earnestly hope that my work with you will be such that at the end of the year you will be glad that I have been your teacher."

The first enrollment was as follows:

High school, 380
Eighth grade, about 150.
First ward, 297.
Second ward, 354.
Third ward, 280.
Morton school, 93.
Fourth ward, 339.

CHICAGO AND ALTON BRAKEMAN IS KILLED BY TRAIN AT ROODHOUSE

William F. Chinn Dies at Passavant Hospital Sunday Morning at 3:30 O'clock of Injuries—Jury Leaves Verdict Open.

William F. Chinn of Slater, Mo., employed by the Chicago & Alton Railroad company, was run over by train No. 71, southbound Alton Alton passenger, near Roodhouse Sunday morning at 12:07 o'clock. He was brought to Passavant hospital Sunday morning at 2 o'clock on the Hummer and died of his injuries at 3:30 o'clock Sunday morning.

The remains were removed to the Reynolds undertaking establishment and Sunday evening were sent to his home in Slater, Mo. Deputy Coroner John G. Reynolds conducted an inquest at his undertaking establishment Monday morning with the following as jurors: George W. Smith, foreman; George A. Wheeler, H. J. Brook, M. H. Havenhill, Benjamin Wood and John K. Long, clerk. The witnesses were L. J. Hodge, switchman for the Alton at Roodhouse; William Felton, Alton engineer, and B. A. Sturdevant, of Bloomington, claim agent for the C. & A.

An unknown man, thought to be a tramp, notified the authorities in Roodhouse that Chinn had been run over, and immediately disappeared. He could not be located Monday and for this reason the jury left the verdict open, in the hope that he can be located and his testimony secured. Chinn had both legs severed at the knees, his skull was fractured and the body was severely cut and bruised. He was unmarried and his parents reside at Slater, Mo.

Facts From Testimony.
According to the testimony of Mr. Hodge he pulled some one away from the end of a car near the caboose of a train at Roodhouse Saturday and the man appeared to be drinking. He said the man talked to him like a railroad man and he saw him again sitting on the steps of a caboose between 10 and 12 o'clock Saturday night. Mr. Hodge said that he did not know who the man was, what train ran over him, or whether the dead man was the one he saw. Mr. Felton testified that he saw an object on the track at Roodhouse at 12:07 o'clock Sunday morning while he was going into Roodhouse on the train from the north. He stated that the train drifted over it and when he got to the station he examined his engine but saw no traces of it having run over anyone. He heard of the accident about 50 minutes later, while in the lunch room, and saw a man being loaded on the Hummer. Mr. Felton stated that even if he had known that it was a man lying on the track he could not have stopped his train before running over him.

Mr. Sturdevant was at White Hall when he learned of the accident and went at once to Roodhouse to conduct an investigation. He could find no one that knew the deceased who saw him after 9:30 o'clock Saturday night and that he talked with members of the Hubbard family with whom the deceased boarded, and they said Chinn had not been drinking, as far as they knew. Mr. Sturdevant said that although indications were that Chinn had been drinking he could find no positive evidence that he was intoxicated.

OPPOSED TO TUITION LAW.

In the Record Herald yesterday a letter written by Supt. H. G. Montgomery to E. J. Tobin, superintendent of Cook county schools, is printed. In this letter Mr. Montgomery refers to the new high schools tuition law as a piece of half baked, immature legislation. Mr. Montgomery says the law has one vital weakness which will defeat it when taken

into court. He points out that under this law that inequality of taxation is possible. A man may be so located in a district that he will be taxed for the support of a high school and also for the tuition of the children of his neighbor who happens to live outside the district.

W. R. WOOD DIES SUDDENLY WHILE VISITOR IN MASSACHUSETTS

Spent Boyhood in Jacksonville and Was Well Known Here—Had Traveled Extensively.

News came Monday of the passing of William R. Wood of Virginia, Ill., at West Springfield, Mass., at the residence of his niece, Mrs. Amy Upham Bagg.

William R. Wood was born in Jacksonville of English parents, about 67 years ago. He was a brother of John H. Abram and Samuel Wood, and of Mrs. George R. Metcalf of this city, and Mrs. Benjamin C. Matthews of Portland, Ore. Mr. Wood was raised in this city, where he entered business life in the drug store of Hocken-hull, Young & Co., about 1866. Some years later he went to Virginia, Ill., and engaged in the drug business there on his own account. At that time his brother, John H., formerly in Brown's bank here, was a banker in Virginia. William R. continued in business until about the year 1900, after which, in true English fashion, he retired to enjoy his competency. This he did largely in traveling, becoming a "globe-trotter." He went years ago to England, then to Russia, then visited the wonderland of Alaska, and in 1905 went out to the Pacific again by the Canadian route. He probably made other visits to the shores of the western ocean. About five years ago he took "the grand tour" around the world. In his younger days Mr. Wood married an estimable young lady in Pennsylvania, but she lived only a short time and he thereafter remained faithful to her memory, not marrying again. In religious matters Mr. Wood was a member of the Methodist Episcopal church and was a man of very decided temperance views.

Although born in this country and raised here, he had very much of the appearance and manner of a true Briton, and had a joky way with him which made him a pleasant fellow traveler. He was a great hand for sensible fun, and a genial friend.

FISH CULTURISTS

IN CONVENTION.

Boston, Mass., Sept. 8.—The men who commune with nature in the trout pools and on the gleaming rapids, and who know what the depths of the lakes and the ponds on the prairie contain—who can propagate fish in the sand hills and raise carp on green corn—these assembled in Boston today for the forty-third annual meeting of the American Fisheries society. Governor Foss and Mayor Fitzgerald welcomed the members at the opening session this morning. For three days the society will discuss Atlantic salmon, the oyster industry, fish refugees and fish passes, recent progress in oceanography and a variety of kindred subjects.

Nearly all the members of the fisheries society will take part in the annual meeting of the National Association of Fish and Game commissioners, which will begin a three days session tomorrow. J. H. Asklen of Tennessee will preside over the meeting. An important feature will be a public hearing on the killing of migratory birds by Dr. T. S. Palmer, acting chief of the United States bureau of biological survey. The hearing will be relative to the proposed federal regulations upon the killing of migratory birds. An opportunity will be given to sportsmen to state their views, particularly with reference to the new sunset and sunrise regulation.

NERVOUS DYSPEPSIA, GAS OR INDIGESTION

Each "Pape's Diapepsin" Digests 3,000 Grains Food, Ending all Stomach Misery in Five Minutes.

Time it! Pape's Diapepsin will digest anything you eat and overcome a sour, gassy or out-of-order stomach surely within five minutes.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapepsin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home. (Adv.)

MAY ISSUE SHORT TERM BONDS

Baton Rouge, La., Sept. 8.—The Louisiana legislature convened in special session today, pursuant to the call of Governor Hall. The principal purposes of the session are to make arrangements for the payment of the state bond issue which matures January 1, and for the filling of the vacancies in the United States senate, pending the holding of an election for that purpose.

Owing to the high rates for money that have prevailed since the legislature authorized the marketing of the new bond issue it has been found impossible to sell the securities on the basis provided. The new issue of bonds was to have been for fifty years bearing four per cent interest. The board of liquidation was not authorized to change these terms or to sell the pledges at less than par. Despite every effort it was found impossible to dispose of the bonds. It is expected that the legislature will authorize the issuance of short term notes at such rate of interest as is necessary to secure the money. The issue will be for \$11,108,000. As an amendment of the constitution of the state probably will be necessary to advance the interest rate, a constitutional convention will be called by the assembly.

WILL GO TO QUINCY.

Chief of Police Davis, State's Attorney Tilton and Sheriff W. B. Rogers will be among those who will go from Jacksonville to appear before the federal grand jury in Quincy. They will probably go this morning.

THREE NORTONVILLE MEN ARRESTED ON ARSON CHARGE

Warrants Also Issued for Wives of Two of the Prisoners—Both are Confined at Home by Illness.

James Rawlings, Wilson Hettick and W. S. Denham of Nortonville were arrested Monday afternoon by Deputy Sheriffs Todd and Anderson and Deputy State Fire Marshal A. H. Bogardus of Springfield on a charge of arson. The men were brought to this city and taken before Squire Dyer and in default of bond in the sum of \$700 each were committed to the county jail. Warrants were also issued for the arrest of the wives of Hettick and Rawlings, but as they are both confined to their homes by illness the warrants have not been served.

The action grew out of the investigation of the suspicious circumstances surrounding a fire that was found in the attic of the building opposite W. G. Dunham's general store in Nortonville last Friday. Citizens of the village who discovered the fire broke into the room and found a large quantity of straw, which had been saturated with coal oil, on fire. They extinguished the flames and Sheriff Rogers was notified and he in turn notified the office of the state fire marshal of the incident. Deputy Bogardus arrived in the city Sunday morning and he and Sheriff Rogers went to Nortonville Sunday and conducted an investigation. They found that quite a number of bolts of goods, shoes, articles of clothing, glassware and other articles had been removed from the store to the residences of Rawlings and Hettick. Rawlings has been employed as clerk in the store and is said to be related to Hettick. The goods were brought to Jacksonville with a sample of the straw. The warrants were issued Monday morning.

ECHOES FROM ALEXANDER

Alexander Happenings Always Interest Our Readers.

After reading of so many people in our town who have been cured by Doan's Kidney Pills, the question naturally arises: "Is this medicine equally successful in our neighboring towns?" The generous statement of this Alexander resident leaves no room for doubt on this point.

John William Aulabaugh, farmer, Alexander, Ill., says: "About two years ago I took several boxes of Doan's Kidney Pills and will say that they did me more good than all the doctors I had tried. I have been bothered very little with my back since I used Doan's Kidney Pills."

The above is not an isolated case. Mr. Aulabaugh is only one of many in this vicinity who have gratefully endorsed Doan's. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Aulabaugh had. 50c all store. DIRECTUM I EQUALS A WORLD'S RECORD

STEPS FOURTH HEAT OF GLYNN STAKE, 2:05 PACE IN 2:02 1/4.

Ties Mark of Evelyn W and Equals Season's Record for Fastest Heat Made by Pacer—Big Chestnut Wins Last Three Heats of Race After Finishing Sixth in the First.

Syracuse, N. Y., Sept. 8.—Directum I, capably driven by Ryan, equalled a world's record at the opening of the Grand Circuit race at the state fair grounds this afternoon, when he stepped the fourth heat of the Glynn stake, 2:05 pace in 2:02 1/4, tying the mark of Evelyn W. This time also equalled the season's record for the fastest heat made by a pacer held by Braden Directum and Earl Jr.

The big chestnut finished sixth in the first heat, which was won by Jones Gerry and in the second heat Walter Coohato challenged the son of Directum Kelly and the pair came down the stretch so close together that the result of the heat was in doubt until it was announced by the judges. In the fourth heat Walter Coohato again held close to Directum I until the stretch was reached, then faded and finally gave up.

TWO AMERICAN YACHTS WILL SAIL DECIDING RACE FOR TROPHY TODAY

Cima and the Ellen Are Tied For the President Wilson Cup and Will Decide Who's Who This Afternoon.

Marble Head, Mass., Sept. 8.—The fifth sonder yacht race in the German-American series, from which the Germans have been eliminated today to settle the award of the principle trophies, for the Cima tied the Ellen in the struggle for the President Wilson cup. The two yachts with two wins each, will sail the sixth and last race tomorrow and the loser will receive the second prize, the Governor Foss trophy.

The German yachtsmen whose boats had been eliminated in Saturday's contest will be on hand for the final tomorrow and for the presentation dinner at night when Governor Foss will hand over the jewel case which bears his name. The entire party will go to Washington Wednesday to witness the delivery of the big cup by President Wilson in the parlors of the White House on Thursday.

WILL MANAGE THE KAWS.

Chicago, Sept. 8.—Heinie Peitz, who has been acting as coach for the St. Louis National baseball team this season, has been appointed manager of the Kansas City club of the American Association according to an announcement made here today. SOME OFF-SIDE CHUTES.

St. Louis Browns on Sunday handed the White Sox another walloping. Boston was idle on the Sabbath, and the defeat of the Callahanites put the Beaneaters into first division—percentage .508-.507. As the major portion of the Comiskey finish will be in the east, the outlook for the team making the first division again before the season's close is everything but flattering.

When "Gunboat" Smith handed Jim Flynn a terrible lacing in New York a few weeks ago, the Pueblo fireman announced that he was through with the fistie game for all time. Now, however, it appears that his swan song was only one of those "farewell" appearances. Jim has been busy in Chicago the past few days arranging for a meeting with Carl Morris, to be held in Kansas City in the near future. Kansas City is easy; the fans there stand for almost anything, not excepting Tebeau's Blues.

The board of directors of the Mineral Springs (Porter, Ind.) Racing association have arranged to hold a meeting to dispose of the Hoosier racing plant. The governor and the state militia have crabbied the attempt of the Chicago "wise men" to get away with their Monte Carlo endeavors, and the plant will revert back to the uses nature had intended it for—a magnificent brick yard and tile pit.

Friends of Larry Chappell from Jerseyville on Sunday swooped down upon St. Louis and presented their "most prominent citizen" with a diamond ring. Had they brought the \$18,000 beauty the makings of a few base hits it might have enthused Callahan.

In the schedule arranged for the White Sox-Giants world's tour the coming fall, Springfield will be played October 21.

Thirty aspirants for places upon the Tigers (Princeton college) football team reported to Capt. Baker at Princeton yesterday for the limbering up exercise. The outlook again for this season is for a light team, aided by a few of last year's stars.

Iowa State university has upon its athletic roll one of the world's champion undergraduate high jumpers. De Witt Rose of the Willis, Cal. high school has entered the Hawkeye institution as leader of the interscholastic leapers with an accredited mark of 6 feet, 3 inches. The student also does 22 1/2 feet in the broad jump, and he is classed as a fast man in high and low hurdles.

When the powers that be in the American league nowadays want to "bounce" a manager they give him an enforced vacation for the balance of the season. That is the way they jakestashed George Stovall from the St. Louis Browns on Saturday.

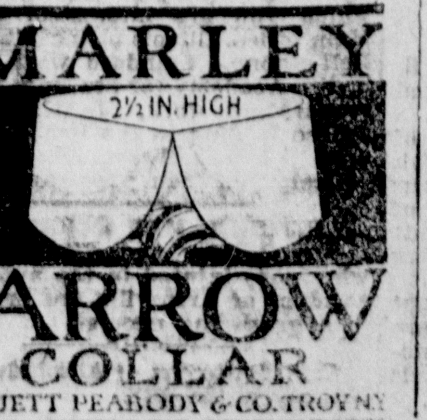

Maurice McLoughlin, the champion tennis player, was given a bumper ovation upon his arrival Friday at his home in San Francisco. Bands and speeches of welcome greeted him as he alighted from the ferry from Oakland. On Saturday he attempted to give an exhibition of how he trimmed that Dublin Irishman in the Davis cup match and was beaten by a novice. The chances are that after the game the native sons made him like home if he did not have street car fare.

The Atlantic cable was burdened with an important piece of "news" Sunday morning. It informed a news furnished public that "Queen Mary of England is a golf enthusiast and may play at Balmoral this fall." This is important—if true!

The Wisconsin attorney general has handed down another important ruling anent the new state boxing law. In buildings where barrooms are attached no liquors can be dispensed during the progress of the boxing exhibitions, and proprietors of these places have been warned that a violation of the ruling will mean a forfeiture forever of all privileges in those buildings.

Owner McGill of the Denver Western league is flirting with the American association and is negotiating with Sol Meyer, owner of the Indianapolis team for the purchase of the Indians and the franchise. Thus far in the deal the Indianapolis clothing merchant's figures are a little too strong for the mountaineer producer of champions.

There is an undercurrent of uneasiness among the players combined in the Baseball Players' union. The National commission has refused to hold communion with the union's president, stating the membership has no his neglecting attention at its hands. David Fultz is of another opinion and states that ere long Garry Herrman, and his board of control must meet him half way.

Keeps Your Stove "Always Ready for Company"

A bright, clean, glossy stove is the joy and pride of every housekeeper. But it is hard to keep a stove nice and shiny unless Black Silk Stove Polish is used.

Here is the reason: Black Silk Stove Polish sticks right to the iron. It doesn't rub off or dust off. Its shine lasts four times longer than the shine of any other polish. You only need to polish one-fourth as often, yet your stove will be cleaner, brighter and better looking than it has been since you first bought it. Use

BLACK SILK STOVE POLISH

on your parlor stove, kitchen stove or gas stove. Use a can from your hardware or stove dealer. If you do not find it better than any other stove polish you have ever used before, your dealer is authorized to refund your money. But we feel sure you will agree with the thousands of other stove polish users who are now using Black Silk Stove Polish and who say it is the "best stove polish ever made."

LIQUID OR PASTE ONE QUALITY

Be sure to get the genuine. Black Silk Stove Polish costs you no more than the ordinary kind. Keep your grates, registers, fenders and stove pipes bright and free from rusting by using BLACK SILK AIR-BORING ENAMEL. Brush free with each can of enamel only.

Use BLACK SILK METAL POLISH for silverware, nickel, tinware or brass. It works quickly, easily, and leaves a brilliant surface. It is no equal for use on automobiles.

Look Out For

Poison Ivy

Keep Your Blood Pure and
Danger will be
Avoided.

All Blood Disorders are Knocked Out
by S. S. S.

Strolling through the woods or clearing brush, picnickers, hunters, fishermen—look out for poison ivy. And in the meantime keep your blood pure by using S. S. S. If your skin is rough with eczema, pimples or any other eruption, S. S. S. stimulates the fine network of blood vessels in the skin to dry up and heal all sore spots.

S. S. S. will do this positively. It dominates the principle of osmosis, stimulates the cells of the skin to select their own nutriment from the blood, made pure and healing by the wonderful medicinal ingredients of this famous blood purifier. It is a safe remedy, as it contains no minerals, and yet its action is a marvel.

You can get S. S. S. in any drug store, but insist upon having it. The Swift Laboratory in Atlanta, Ga., prepares this famous blood purifier, and you should take no chance by permitting anyone to recommend a substitute. And if your blood condition is such that you would like to consult a specialist freely, address the Medical Dept., The Swift Specific Company, 186 Swift Bldg., Atlanta, Ga.

"OW!" Corns? Use "GETS-IT"

"GETS-IT," the New-Plan Corn Cure,
Makes Any Corn Shriveled, Vanish.

You'll say, "It does beat all how quick 'GETS-IT' got rid of my corn. It's almost magic." "GETS-IT" gets every corn, every time, as sure as the sun rises. It takes about 2 seconds

"Madam, if You'd Use 'GETS-IT' for
Corns, You Could Wear Any Tight
Shoe Easily!"

to apply it. Corns pain you, you forget the corn, the corn shrivels up, and it's gone! Ever try anything like that? You never did. There's no more fussing with plaster that peels on the surrounding flesh, no more blisters. No more scales, flaps or razors that make corns grow, and cause danger of blood poisoning. "GETS-IT" is a truly harmless to healthy or irritated flesh. It "gets" every corn, wart, callus and bunion you've got.

"GETS-IT" is sold at all druggists at 25 cents a bottle, or post paid, 50 cents a box of 3. Go Chicago.

Sold in Jacksonville by Armstrong's drug store and J. A. Obermeyer.

COUNTIES HAVE RIGHT TO EMPLOY FARM ADVISERS

Question May Be Agitated in Morgan County—Movement Originated in the South—Ten Advisers Now Working in Illinois.

At a recent meeting of the members of the department of rural affairs of the Chamber of Commerce, the chairman, Frank J. Heintz, called attention to the law which was passed by the last general assembly, which permits county boards to set aside a sum not to exceed \$5,000 for the employment of a farm expert or adviser. Mr. Heintz is now making some investigations and the committee is considering the advisability of starting a movement to interest farmers in the project. The best results are obtained in such movements only when the farmers themselves pay some part of the expense and join in an effort to have the adviser secured. The same question is now being agitated in Quincy, according to the Quincy Herald and the matter has been brought to the attention of the Adams county board of supervisors.

Ten Illinois Counties Have Advisers. "Up to the present time there are ten counties in the state which have secured the services of agricultural county advisers, these being Champaign, DuPage, Tazewell, Peoria, McHenry, Will, Kankakee, Kane, Livingston and DeKalb. The movement began in the south, an effort to combat the ravages of the boll weevil being responsible for its initiation and the benefit accruing from the undertaking has been responsible for the extension.

"It has been noticeable that each new section undertaking this work has placed it on a higher standard, used better trained men and made it more efficient. This has been due to the resources of the section, the caliber of the men it has been possible to secure, and by profiting from past experiences.

A Southern Example. Some time ago, as an example, the forces in Richland county, South Carolina, the government and the agricultural college, combined and employed a graduate of the state agricultural college who also received a master's degree from Wisconsin, and who has had a wide experience in teaching and in practical farm work. He is paid \$2,600 per year on a three-year contract, furnished with an automobile, an office, stenographic assistance, and such other things as are required to make his work effective.

A. G. Smith, United States expert, recently made the following statement:

An Adviser's Qualifications. "In selecting a county adviser, you should look for one who has had a great deal of practical farm experience. Such a one is rarely found unless he was born and reared on the farm. He should also have a college training equivalent to that of any good agricultural college and that preferably in an agricultural college. Following his college course, he should have had several years of successful experience in some line or lines of agriculture. Ability to organize is especially desirable. These things combined with a good personality will determine quite fully the fitness of a man for a county position.

"Such men who are in Illinois counties co-operating with the government receive salaries ranging from \$2,000 to \$3,600, with the average at \$2,800.

Figuring the budget, the expenses would be approximately as follows: Equipment—Automobile, \$600; typewriter, \$100; camera, \$50; furniture, \$125; stereopticon, \$100; total for equipment, \$975. Annual expenses—Salary of adviser, \$3,500; stenographer, \$720; expenses, \$400; office, \$300; contingent fund, \$300; total annual expenses, \$5,220."

The Quincy Herald says further that a beginning could doubtless be made in Adams county for much less and the same would be true in this county.

POLICE NEWS.

Carrie Anderson, who lives on North Main street, was arrested Monday morning by Chief of Police Davis on a charge of selling liquor in anti-saloon territory. It is said that a number of people have been in the habit of buying beer at the Anderson home. She gave a bond for her appearance in court.

The chief of police also caused the arrest of Lillian Visser on vagrancy charge. She has been living on Broadway alley and was intoxicated when arrested. She is now in jail serving a sixty day sentence.

EAGLES SLAUGHTER A BAND OF LIMBURGERS FROM STATE CAPITAL

A Load of Guano Essays a Game of Baseball Sunday Afternoon.

If the man or men who bumped the Eagles into giving that laundry team from Springfield last Sunday's date at Nichols park can be located there is an aching void in the Morgan county battle that will no longer ache, for an outraged fan will see to it that it is filled and kept filled. The local management was bemoaned by the information that this aggressive were the champions of the city of Springfield, barring, of course, the Three-Eye league team. No time was lost in an endeavor to bring them here. Buck Simms and Clark were admonished to get into top-notch tri for the effort of their lives, and the stage was all set for a strenuous contest from flag-fall in the first until bell-tap in the ninth. The first three batters to face the shoots from Simms poised at the plate in a fashion that promised "something would be doing," before the game was over. The poise, however, proved to be all they had—except an overload of nerve, and they were walloped 13 to 2. If the Eagles had not horse played them after the first inning the score might have been 200 to 0. It was horse play that allowed them their only life at the finishing line.

If the Springfield laundrymen negotiated that contract through the mails there is an elegant opportunity for a live postoffice inspector to start something, for if ever the service of Uncle Samuel was used to obtain money under false pretenses, the state capital destroyers of bachelor's liens certainly took advantage of it when they contracted to play the Eagles. Their manager evidently had been reading of the doings of the Limburgers and had informed the home folks in Springfield that they were coming to the "jazz" town "to show the natives what a state capital championship team looked like." They showed all right! And in the showing Jacksonville is convinced "Springfield's city champions" would not be common amusement for our city hall heaves. The only thing with the semblance of a ball game Sunday afternoon was the announcement that Pekin's Rainbows would be the attraction next Sunday. There will be a ball game then worth the name.

The score is appended, not as a matter of news—just to choke space:

MOTHERS! THE CHILD IS COSTIVE, BILIOUS

Don't Hesitate! A Laxative is Necessary if Tongue is Coated, Breath Bad or Stomach Sour.

Give "California Syrup of Figs" at once—a teaspoonful today often saves a sick child tomorrow.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother; see if tongue is coated. This is a sure sign that it's little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mother can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company." Don't be fooled! (Adv.)

LITERBERRY.

M. T. Worgum of Arenzville is loading five cars with fine walnut logs at this place.

Our town has been benefitted by the arrival of a new family, Mr. and Mrs. Elmer Henderson. They are at home always at 1146 Peoria avenue. Our people received this worthy couple as they do all other new arrivals, serenaded them with the most ancient musical instruments. These serenaders also complimented Mr. and Mrs. Jones, our efficient school teachers. Some folks say this serenading is coming monotonous or obsolete, but we think it is all right.

Miss Blunt of Jacksonville gave a Japanese wedding and tea drinking at the Christian church Thursday evening.

Bur Ratliff and family of Ashland visited friends and relatives here Sunday.

Mr. Norman and family of Jacksonville spent the Sabbath with Mr. and Mrs. Willard Young.

Mrs. William Harris of Plainsville, Ill., and Mrs. Hettie Wilson of Guthrie, Okla., are visiting relatives in and around Nerberry.

The Misses Stella, Ellen and Olive Scribner of North Literberry went down to Grace chapel Sunday afternoon to hear a good sermon by Rev. J. G. Reed of Concord.

On Sunday morning we had the pleasure of seeing a fine lesson in the support of the Sunday school. We wished that every grown person in the community could have been present to receive a lesson from a little child. Miss Mildred Underbrink, five years of age, took her new doll, Lady Isabel, to Sunday school and when she gave her own contribution she also plunked in two pennies for the doll. "Out of the mouth of the babes and sucklings hast thou ordained strength."

Brother Dickman will be with us next Sunday morning. Let every one come out and hear a good and interesting sermon. We also have select music on each preaching day by Mrs. Durrell Crum.

RAIN COOLS ATMOSPHERE.

The drought of the past several weeks was in a measure relieved by the rain which fell Monday night, which also relieved the excessive heat by cooling off the atmosphere considerably. The temperatures for Monday, according to G. H. Hall, weather observer at Alexander, were maximum 93, minimum 66. Sunday afternoon Alexander and vicinity was visited with a rainfall of 2.1 inches in a half hour. The rain began falling about 1:50 o'clock, but west of Arnold there was only a slight sprinkle.

GET RID OF THE TORMENT OF RHEUMATISM.

That you can do by ridding yourself of the cause. Weak, sluggish, inactive kidneys allow the uric acid crystals to circulate in the blood, and these lodging in the joints and muscles, cause rheumatism, lumbago and stiff swollen aching joints. Foley Kidney Pills ease your pain and torment from them the time you begin taking them. They positively and permanently build up the kidneys, restore their normal action, and strain out the uric acid crystals that cause the rheumatism and lumbago. Try them. City Drug Co., J. A. Obermeyer. (Adv.)

HELP FOR WORKING GIRLS

Two Girls Tell Story of Their Illness and How They Found Relief.

New Orleans, La.—"I take pleasure in writing these lines to express my gratitude to you. I am only 16 years old and work in a tobacco factory. I have been a very sick girl but I have improved wonderfully since taking Lydia E. Pinkham's Vegetable Compound and am now looking fine and feeling a thousand times better."

—Miss AMELIA JAQUILLARD, 613 Seventh Street, New Orleans, La.

St. Clair, Pa.—"My mother was alarmed because my periods were suppressed and I had pains in my back and side, and severe headaches. I had pimples on my face, my complexion was sallow, my sleep was disturbed, I had nervous spells, was very tired and had no ambition. Lydia E. Pinkham's Vegetable Compound has worked a charm in my case and has regulated me. I worked in a mill among hundreds of girls and have recommended your medicine to many of them." —Miss ESTELLA MAGUIRE, 110 Thwing St., Saint Clair, Pa.

There is nothing that teaches more than experience. Therefore, such letters from girls who have suffered and were restored to health by Lydia E. Pinkham's Vegetable Compound should be a lesson to others. The same remedy is within reach of all.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

HOLD 63d ANNUAL STATE CONVENTION

MISSIONARY SOCIETY OPENS SESSIONS AT CHRISTIAN CHURCH.

Mrs. J. E. McDaniels, National Secretary Makes First Address—Reception to Delegates—The Program for Today.

The 63rd annual convention of the Illinois Christian Missionary Society opened its sessions at the Central Christian church last evening. The delegates began to arrive early in the day and by the opening hour there were a large number present. The different committees of the church met the delegates and in every way made them welcome. The church is an abundant way maintaining its reputation for hospitality. Its efficient pastor having before the date of the convention taken care to see that everything was in readiness for one of the greatest conventions in the history of the brotherhood of Disciples of Christ.

As is the custom the first evening and day are given over to the sessions of the Christian Women's Board of Missions. This handmaiden of the church was organized at Louisville, Ky., in 1874, and although one of the youngest of the women's missionary organizations, it has a marvelous growth. It now numbers about 100,000 women with 6,000 societies and 500 workers in the various fields. It knows no home or foreign field, but works where the need seems to be the greatest, and is in nearly every foreign country and all the needy place in the United States.

Each state has its organization and in Illinois the organization has been very efficient during all the years of its existence. The present officers are: President, Mrs. Carrie Zeller, Petersburg; vice president, Miss Nina Boyd, Athens; secretary, Mrs. Laura Porter, Rantoul.

Preliminary to the opening of the convention, a reception was held in Academy hall from 4 to 5 o'clock for the national secretary and for the officers of Illinois. Over a hundred ladies were present to greet each other and the officers of the Christian Women's Board of Missions. In the receiving line were Mrs. Mary B. Thornberry, president of the local auxiliary; Mrs. Nannie Rawlings, the treasurer; Mrs. W. T. Clarkson, the local secretary, the national secretary, Mrs. J. E. McDaniels, and the state officers. Mrs. George T. Douglas had charge of the program.

The convention opened with the president in the chair and the devotions in charge of Mrs. Seary, of Carlinville. At 8 o'clock the convention was addressed by the national secretary, Mrs. J. E. McDaniels.

The Secretary's Address. "God's Program and His Plan" was the subject of the address of the national secretary of the C. W. B. M. Mrs. J. E. McDaniels, who took the place of Mrs. Anna R. Atwater, the national president, who could not be present. Mrs. McDaniels has had abundant practical experience in work for the Christian Woman's Board of Missions as a missionary to Mexico and is a speaker of eloquence and power. "God will never fail his program or his people. Although we may fail God, the divine purpose is omnipotent and must prevail. Our field is the world. We, as Christian women, may not differentiate between home and foreign missions when the good book has not dared to make such a distinction. The C. W. B. M. comes to you with a glorious record of work performed and a story of a mighty pressing need."

Mrs. McDaniels mentioned the missionary problem in South America, Jamaica, Central America and Mexico, in speaking of the great work yet to be done and the dire need of some fields for evangelization as well as for medical and educational aid. The present condition of Mexico she attributed in large measure to the failure of the church in America to take advantage of a lost opportunity. Fifty years ago, when the Lateral party had overcome the Clericals and when the Catholic state church had been dispossessed, the Protestant churches of this country failed to assume the

responsibility thrust upon them and bring light to the millions so long kept in ignorance and darkness. Warring, bloody and rent assunder, our sister republic is struggling for her very life against the forces of anarchy and greed which long ago should have been curbed by a valiant and awakened church. The speaker pleaded for a great unselfishness in giving, not only of our gold and silver, but of our lives and the lives of our children and dear ones. She told of a young girl who had consecrated her life to the service of Christ in China, but who was kept from her work by the selfishness and lack of vision of her parents.

America as the training school of the world was the picture drawn by the national secretary as the ideal to which was as an enlightened and Christian nation should move. The need of the efficient and practical application of the teachings of Christ in Canada, in the countries to the south of us and in our own country, Mrs. McDaniels described as a great challenge to the American nation. "Here are trained the forces of the Anglo-Saxon church, here are collected representatives of every race and every religion of the world and here is the land where they all must be enlightened and re-made."

The Program Today. The program today will include reports of various officers and committees of the C. W. B. M. and an address on "Missionary Social Union," by Mrs. Mary B. Thornberry of Jacksonville, the forenoon, and Bible school conferences, the introduction of the new officers and an add on "South America" by W. J. Bruner of La Harpe, in the afternoon. The morning session will begin at 8:30 and the afternoon at 1:15. After a song service at 7 o'clock in the evening there will be address by W. W. Woodson of Mt. Carmel, President of the I. C. M. S., followed by an address by the secretary, J. Fred Jones. The appointment of committees will conclude the program of the day.

"Years of Experience Have Proven to Me That the MAJESTIC Range IS the Best"

"Strange, that for years, I couldn't see that trying to get good work from an old, worn-out range, merely to save the price of a new one, was not true economy. My Great Majestic has more than earned its cost in the saving of fuel alone, because the open seams and joints in my old, worn-out range where the bolts were loose and the putty had crumbled away, made me burn twice as much fuel as necessary."

"Talk about luck in baking—'luck' is nothing but good oven and my Majestic is simply perfect. I can depend on it absolutely every day. I believe father and the children are happier and I know we have better meals at less expense with our Majestic."

Don't Buy Any Range Sight Unseen

ROADS BAD FOR CARS.
"I never saw worse roads for automobiles than we found Sunday when we drove to St. Louis," said Felix E. Farrell yesterday. "The dust is many inches deep and in many places down under the dust the roads are so rutty that they make driving and steering very difficult. To add to the troubles the roads have been worked in some localities in such a way that there is a high crown in the center with great piles of dust and clouds on either side." Mr. Farrell started early Sunday morning with his family for St. Louis and spent the day with relatives. The ride returning was just about as uncomfortable as going he said because so many other cars were stirring up the dust of the highways.
